

Global Peace Initiative

Bringing Peace to Individuals, Families, Communities and Nations

28 May 2015

Dear Respected Prime Minister Benjamin Netanyahu,

I am Parshottam Rupala and am delighted to accept the invitation of Dr. K.A. Paul to travel to Israel to meet with several of your Ministers and, if your time permits, to meet with you in person. Twenty years ago I visited your great country of Israel.

I've served my country as a member of Parliament, Gujarat State Chairman and Cabinet Minister, and now serve as Vice President of the BJP ruling party.

I've enjoyed traveling with Dr. K.A. Paul as a Global Peace Ambassador to promote peace around the world. As you are all too aware, the month of June is very important so I've decided to stand with your nation and nations of the world to oppose war and stop future crisis.

I am in support of Dr. Paul's peace initiative, "Save Israel and Save the Middle East."

Sincerely yours for Peace,

Parshottam Rupala

K.A. Paul
